ATHLETES UNLIMITED

WHO WE ARE

Athletes Unlimited is a new model of professional sports where athletes are decision makers and individual players are champions of team sports. We literally change the game with faster play and fluid teams, delivering next-level competition and engagement in which every moment counts. Beginning in 2020 with Women's Softball and following with Women's Volleyball (2021), Women's Lacrosse (2021), Women's Basketball (2022) and AUX Softball (2022), Athletes Unlimited will build the next generation of both athletes and fans.

Our athletes are in charge of their team and league decisions, and of their individual success. We reboot timetables, rosters, and gameplay to create fast and exciting competition that speaks to contemporary sports fans, bringing them close to the action and the athletes in games where every moment counts. We incorporate the player-centric model that fans love about fantasy sports. We use digital media platforms and cutting-edge technology to connect fans deeply to athletes at the top of their game on and off the field, and to the game itself.

HOW THE TEAMS ARE SELECTED

A draft will be held prior to each week's games with the top four players in the individual leaderboard serving as the team captains. The captains will then fill their rosters by selecting 13 other players. Each week's draft will be held on the Monday before the respective week's games and can be seen via the Athletes Unlimited YouTube channel.

Uniform colors will be assigned based on the team captain's rank on the leaderboard. The top-scoring captain's team will wear gold, while the second-highest point scorer's team dons orange jerseys. The third-place team will wear blue jerseys and the fourth-place team will wear purple jerseys.

All teams will consist of 14 players, including four attackers, four midfielders, four defenders and two goalkeepers.

RULES OF INTEREST

Athletes Unlimited Lacrosse playing rules are based on the NCAA rule book with several exceptions, including:

Field Size: The field is 95 yards long by 60 yards wide with 75 yards between the goals. In addition, the restraining line is the center line, but restraining lines will be in use for the draw. Instead of an eight-meter fan, Athletes Unlimited Lacrosse will use an eight-meter "key."

Timing: A total of four 10-minute (10:00) stopped time quarters will be played during a regulation game with a 60-second shot clock in play. There will be a three-minute (3:00) break between the first and second quarters and third and fourth quarters. Halftime will be 15 minutes in length.

Shot Clock Reset: The 60-second shot clock will reset if a shot attempt is a goal, saved by the goalkeeper or hits the crossbar or goal post.

Timeouts: Each team is permitted to take one timeout per quarter, but timeouts do not carry over if unused. If a team does not take a timeout before the five-minute mark of the quarter, a media timeout will be called at the next dead ball situation. The first timeout of any quarter (media or team-called) will be three minutes (3:00) in length and any subsequent timeouts in the period will be one minute (1:00) in length.

Overtime and Shootouts: In the event a game is tied at the end of regulation, a three-minute overtime period will be played following a one-minute break. If the game is still tied following overtime, a shootout will take place with a maximum of six shooters selected (two rounds of three shooters) to participate after a one-minute break. Shooters will have 30 seconds to make their attempt, which must come outside the eight-meter key. If the teams are still tied following the shootout, the game will be declared a tie and game win points along with any quarter win points that rolled over will be split between the teams.

Foul Changes: No shooting space fouls will be called, but a dangerous shot foul can still be issued. If a shot attempt hits a player from the knee and above, a red card will be administered. In addition, defenders cannot intentionally enter the shooting space with the intent of blocking a shot, or position multiple defenders in front of the goal (walling). No three-second defensive calls will be made and no touch fouls will be called, but players cannot be displaced.

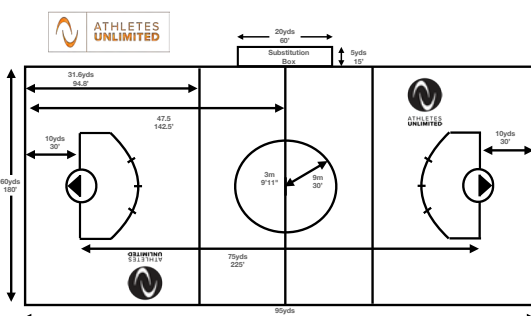

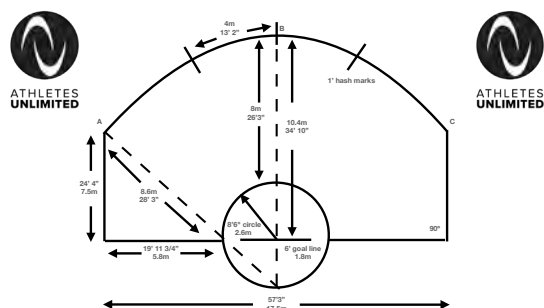

Over and Back: Teams may not go back into the defensive half of the field once they establish possession in the offensive half. If a team violates this rule, possession is turned over to the defensive team.

Captain's Challenges: Teams will be permitted two (2) challenges per game, which are communicated to the officials via the captain or facilitator. The following situations may be challenged:

- Goals
- 2-Point Goals
- Whether the ball was out of the crosse when time expires in a period
- Dangerous Shots
- False Starts

Teams **DO NOT** retain their challenges if they are successful. The Challenge Official will make the final decision on all challenges.

Scoring: Teams may score a two-point goal if the shot is released outside the eight-meter key. In addition, goalkeepers can score with a goalkeeper crosse during game play (regulation and overtime).

INDIVIDUAL LEADERBOARD

While traditional lacrosse statistics are kept during each game, players earn individual points by accumulating those statistics. Those points are used to create an individual leaderboard, which determines captains for each week and the individual champion at the end of the season.

Points are awarded at the following increments during the game:

Goals	+12 Points
2-Point Goals	+16 Points
Assists	+4 Points
Ground Balls	+2 Points
Draw Controls	+2 Points
Forcing a Shot Clock Violation *	+2 Points
Committing a Shot Clock Violation *	-2 Points
Turnovers	-8 Points
Caused Turnovers	+12 Points
Goalkeeper Saves	+6 Points
Goals Against (Goalkeeper)	-1 Point
Shots Saved by GK	-2 Points
Yellow Card	-4 Points
Red Card	-8 Points

* Points to Entire Team

If a game goes into overtime and/or a shootout, the stats accumulated during the extra period or shootout do not earn any individual points for the athletes on the leaderboard.

In addition, athletes will be awarded 20 individual points if their team wins a single quarter. If the teams score the same number of points (goals + two-point goals) in a quarter, the points carry over to the next quarter.

Athletes on the winning team in each game will be awarded 45 individual points toward the leaderboard.

A total of three MVPs will be selected following each game by the athletes with the top player earning 45 points. The second MVP will receive 30 points, while the third MVP claims 15 points.

POSTSEASON AWARDS

The top four players on the final leaderboard along with the Defensive Player of the Year presented by GEICO will receive a medal designed and fabricated for Athletes Unlimited by Lisa Issenberg, founder of Kitellä, inc.

The front face of the medal represents the identity of Athletes Unlimited, while the back face of the medal leans into the specific sport, the year, location and words about Athletes Unlimited's vision, mission and values on and off the field - Excellence in Community and Leadership.

A four-member All-Defensive Team will be unveiled at the conclusion of the 2022 campaign.

ATHLETE COMPENSATION

Athletes are compensated in three ways during an Athletes Unlimited season, including base pay, win bonuses (quarter and game wins) and a leaderboard bonus. The leaderboard bonus also includes an additional donation equal to half of the athlete's leaderboard bonus to their selected cause partner.

THE BOOK OF UNLIMITED

The Book of Unlimited was designed, handmade and bound for Athletes Unlimited. The book weighs nearly 25 pounds, measures approximately 12" by 18" and contains nearly 500 pages. The champion, along with all who competed, are inscribed into the book. In addition, The Book of Unlimited also contains a history of achievements in Athletes Unlimited, including stories, highlights and events.

The book is opened during the Opening Ceremony for each season and is closed after the champion is named and her name is inscribed into the book. The tradition began during Athletes Unlimited Softball's inaugural season in 2020.

MCKENZIE: "I KNOW THAT LACROSSE IS BETTER THAN WHEN IT STARTED FOR ME"

By Bruce Miles

Aug. 13, 2022

After decades of patrolling lacrosse fields for club, college and country, Amber McKenzie has decided it's time.

It's time to step back and enjoy motherhood with a pair of energetic young boys. It's time to step back from, but not away from, a sport that has taken her around the world, a world she helped conquer with a pair of gold medals for Team USA.

In short, it's time for Amber McKenzie to retire, which she will do after this weekend's final round of Athletes Unlimited lacrosse in Sparks, Maryland.

Best of all, she's doing it on her time and on her terms.

"I just feel like it's my time, for a couple different reasons," she said. "First thing being that I have two little boys, and I want to start focusing my time on them. Logistically, lacrosse makes things a little bit more challenging even though Athletes Unlimited is so supportive of my family.

"But more importantly than that, I just feel at peace with my decision and know that it's not about me. There are so many players coming up through the ranks who are now graduating college. I've stayed in this sport so long and really hope that it pushed the sport to have something like Athletes Unlimited, a professional league, and being a part of that. I want those women who graduate from college to have this experience that I never did when I graduated college."

McKenzie, 35, was ready to hang up the cleats two years ago, but then along came Athletes Unlimited, and along with it, a chance to play professionally in a league with a new way of playing lacrosse on the field and a way of empowering women off the field.

So this decorated defender from the University of North Carolina decided to give it a go for what turned out to be two final seasons.

The experience has been fulfilling for McKenzie.

"Yes, oh my gosh, Athletes Unlimited has been so fulfilling," she said. "We all joke that it's like adult summer camp, but there's nothing better than that, especially if you're a competitor, being amongst 56 other women who are equally competitive, have the same drive as you and being able to play the sport you love with them for four or five weeks straight, just competing, the camaraderie. There's literally nothing like it. It was so fulfilling. I'm walking away from this sport so fulfilled and so at peace with my decision."

For McKenzie and all of the mothers in AU's sports, the organization provided her with things she had not experienced before in her career. On top of that, her sons (Storm and Bolt) have made fast friends with the players and can be found playing video games with the likes of rookie standout Charlotte North.

"For me personally, just the support of having a family and the way that they support women with children, they give us a stipend for childcare," she said. "I'm fortunate my mom works in the school system and has the summers off. It allows me to have my mom as, quote-unquote, nanny for my boys. They're just so supportive, and my kids have been here for the past three weeks. They've been here, and they've been living with me, and they get to experience this league along with me, which is really cool, especially for my oldest because I feel he's going to remember this experience and he feels very connected to the players.

"And also, I just feel like you're never alone here. I feel there is constant support of your well-being, not just as an athlete but you as a person. So I never felt like my kids weren't included. For me, that's huge. I want my kids to be part of the process, and Athletes Unlimited has made me feel like that's possible."

McKenzie also stepped right into a leadership role and is Co-Chairperson of Athletes Unlimited's Lacrosse Player Executive Committee. The PEC empowers the athletes by allowing them to have a large say in matters on and off the field.

"It's empowering for a lot of different reasons," she said. "One, it's empowering to be able to say we're professional athletes. We've had other leagues. And I'm so grateful for all of the people who have really tried to make us have a professional league and be worthwhile. But this is the first one that you can actually say you're professional. What they provide for us backs that up. And just empowering in the sense that you're around so many like-minded women. I feel like it's a social experiment.

"There's never a time where you're around so many other people that are motivated, who are competitive, who have the same drive that you have. And we're all here together. So I think that's super unique to Athletes Unlimited in the way it's structured, and it's something that I really love."

On the field, McKenzie said she enjoys the fast pace of play, the physicality of the sport and the AU points system, which rewards both team and individual play.

"I love the way the game is played," she said. "As a defender, I feel we can get away with a lot more than in the college game. So that's nice. In college, the things we can do here, we would get called for. It's so natural to do those things. For attackers, it's not natural for them to have maybe that much contact. So I feel like, as a defender, it's maybe a little easier transition because you can do a little bit more.

"The points system is great. How fun that the leaderboard is constantly changing and that you can move up, you can move down on how your team plays. Truth be told, we've said it really does matter how your team is performing. If you are winning, you're in the top of the leaderboard. If you're not winning, unfortunately you're at the bottom. It really is a true reflection of a team-first mentality. Obviously, people with MVP points can move up themselves, but the majority of the leaderboard is just team first."

There will be plenty for McKenzie to do in retirement. In addition to being a mom, she can support the career of her husband, Norval McKenzie, who is running backs coach and run-game coordinator at his alma mater, Vanderbilt University. She is co-director for Sound Lacrosse in Newton, Connecticut, and she helps coach a high school team in Nashville.

This weekend, she'll pause to take it all in over her final weekend as a professional player.

"One hundred percent," she said. "There are times in your life you never forget, like winning the Gold (for Team USA) in Prague in 2009. I had just graduated college. The moment was so surreal for me. I feel like I might have a similar moment this weekend and knowing that this is it. I feel very content in that decision. I know that lacrosse is better than when it started for me. There were so many women before me that made it better for me. And now we're leaving it better for the next generation. It's not about me. It's about how far this sport is coming and continues to grow."
